## Prop Wash By Michael Serasio

Dear Ladies,

The 2010 International Conference in Hawaii was fabulous, with the warm tropical breezes, the warm air and fellowship, and as many as 205 members attending, including several from Germany, two from Japan, and three from Australia. These are just a few that I mingled with. I met many people from Houston, New Orleans, Washington and California.

The business meeting went along without a hitch; the one bylaw (membership to delete academic member) and standing rule amendment (disciplinary procedures) passed. The new International officers were installed. At the banquet many Amelia Earhart Scholarship winners new and past explained what they plan to do or did with their scholarship.

Next year the International Conference will be in Oklahoma City, OK.

This is the last Prop Wash from me as I retire from Chapter Chair. I want to thank everyone in the Chapter for your support. I have learned a lot about the workings of the Chapter and the organization. I truly enjoy The Ninety-Nines and look forward to challenging my flying hobby more and reading many books about flying.

Please join me in welcoming our new slate of officers for the 2010-2012 term. I know that we all will help them keep our Chapter alive and thriving.

Sincerely,  
Michael

Dear Southwest Section WPOY,

Yes, I'm referring to YOU! Every women pilot is worthy of this prestigious award. And the application process is fairly simple. All you have to do is download the application from the Southwest Section website <http://sws99s.org/section/wpoy.html> and follow the directions. There are many special accomplishments and achievements out there and they should be highlighted and shared. Please take the time to complete the application and send it to Pat Prentiss by September 15, 2010. Nominations are encouraged.

Should you have any questions, please do not hesitate to contact me.

Sincerely,  
Pat Prentiss  
WPOY Chairman

It was the one day that the heavens opened up and it literally poured from late afternoon, through fireworks and into the night, although people continued to swim in the hotel pool despite the rain.*
