Prop Wash By Alice Talnack

I just had to make a Go/No Go flight decision. Yes, I could have taken off in Ok-ish weather this morning, but I would be returning later today in deteriorating weather conditions.

It started me thinking about what our personal flying minimums are as pilots.

The FAA issued a handout called PERSONAL MINIMUMS CHECKLIST a few years ago. It breaks the Go/No Go checkpoints into **PILOT**, **AIRCRAFT**, **ENVIRONMENT**, and **EXTERNAL PRESSURES**. They call it THINK ...PAVE. I just call it "Am I going to be able to get there and back safely."

So instead of joining my family in Southern California for lunch today I'll stay home and review that handout. I'll bring copies to our next meeting for anyone who wants to check themselves.

Guess I made the right decision, it just started to rain.

INTERNATIONAL FOREST OF FRIENDSHIP

The 36th anniversary ceremonies at the International Forest of Friendship will be held in Atchison on June 15 (Fri) and 16 (Sat), 2012. [Come join us to make new friendships, renew old ones, and have a great time.](#) Honorees will be inducted to join the nearly 1400 individuals who are enshrined along the Forest's pathways.

The Forest's overall theme is "World Friendship through Flying." Candidates for induction can be anyone who has contributed, or is contributing to all aspects of aviation and aerospace. Honorees need not be pilots. In 2012, the specific focus is on: "Flying, Forests and the Future." Candidates are particularly encouraged who:

- have contributed to the promotion of aviation and aerospace, or who
- have helped preserve or explore forests and natural habitats through aviation and aerospace (support of state and local units fighting forest fires, aerial resource surveys [domestic or overseas], environmental work, etc.)

One of the 2012 themes is to emphasize achievements by younger honorees, so candidates who are under 35 are preferred, but this is not mandatory.

There will be a special ceremony to honor Dr. Wangari Maathai, who graduated from Mt. St. Scholastica College (now Benedictine College) in Atchison in 1964 and who passed away in September 2011. She founded the [Green Belt Movement](#), an environmental non-governmental organization focused on the planting of trees, environmental conservation, and women's rights. In 2004, she became the first African woman to receive the Nobel Peace Prize for "her contribution to sustainable development, democracy and peace."

The Forest would very much like to strengthen its ties with the Ninety-Nines in 2012, and hopes to induct twenty-five honorees sponsored by Ninety-Nines chapters. More information about the Forest, as well as sponsorship, registration and lodging information, is at the www.ifof.org website.
