## Prop Wash By Alice Talnack

The start of a new year always brings a sense of new resolutions and new beginnings. So what are yours? This will be our opening, 2011, question for our next meeting.

It was so nice to see everyone at our holiday meeting. And yes, if you were not there we missed you. I have a feeling that some of this year's white reindeer gifts may reappear next year.

There are many aviation related activities coming up over the next few months. Please review the listings in this newsletter and the agendas each month to plan ahead. I know that marking these events early on my calendar makes me feel committed to attend and participate. Each event reminds me of why I am a 99, a pilot and to keep flying.

Stay sharp on those last five miles of each flight.

Alice

Location: Wings of History Museum, 12777 Murphy Ave, San Martin, CA 95046

**Select Number:** WP1535791 **Description:** Flying to Mexico can be fun and safe, but it requires special knowledge and preparation. This program is designed to help you plan a trip across the border.

**2) "Close Calls: Lessons Learned"**

Location: Embassy Suites, 901 East Calaveras Blvd., Milpitas, CA 95035

**Select Number:** NR0335380 **Description:** All of us have made mistakes, some more serious than others. The key is learning from those mistakes. *Close Calls: Lessons Learned* is a new seminar from the Air Safety Institute featuring real pilots telling their real stories. You'll see a CFI and his student tell the story of losing a prop in flight. A Bonanza pilot talks of surviving a crash in Oregon. Plus a few other harrowing stories. You will not want to miss this seminar.

**3) "Flying Beyond Your Comfort Zone"**  
Topic: How to plan to fly across the U.S. with the same confidence as flying to Zuniga's at Watsonville for a \$100 burrito!  
Saturday, January 15, 2011 at 11:00 AM  
Location: AeroDynamic Aviation, 2650 Robert Fowler Way, San Jose, CA 95148

**Select Number:** WP1535779 **Description:** This fascinating seminar is about the flight planning necessary for safely extending your flight comfort zone. In this case all the way across the USA! We will talk about decisions pilots have to make pertaining to all factors for traversing plains, mountains and valleys, using the experiences from a flight from California to Tennessee and back on a Cessna 182.

# Holiday Potluck and White Reindeer Exchange 12-13-2010

*“White Reindeer” gift exchange hostess Theresa examines Lori’s gift in case she just might take it instead of taking a chance on an unopened one! You never know until the end of the evening what you will end up with.*

*Are you sure you don’t want to steal Geneva’s White Reindeer gift, Laura?*

*Guest Sierra Laird shares her most memorable event of the year prior to selecting her gift.*

*Theresa is a little hesitant about what might be in this particular package.*

*Aha, a fighter pilot—move the joystick and it shoots, it turns, it talks. Now, if nobody steals it. . . .*

*Ann Goldsmith, wearing the Mickey Air tee shirt gift she opened, draws the next name in the White Reindeer exchange.*

*But it looks like she's not going to have the tee shirt for long since Michaela has her eye on it. "Okay, you can have it if I can get it off!" says Ann.*

*And, what did Kay get? Whatever it is, it is generating great hilarity from Alice, Carolgene and Lori!*

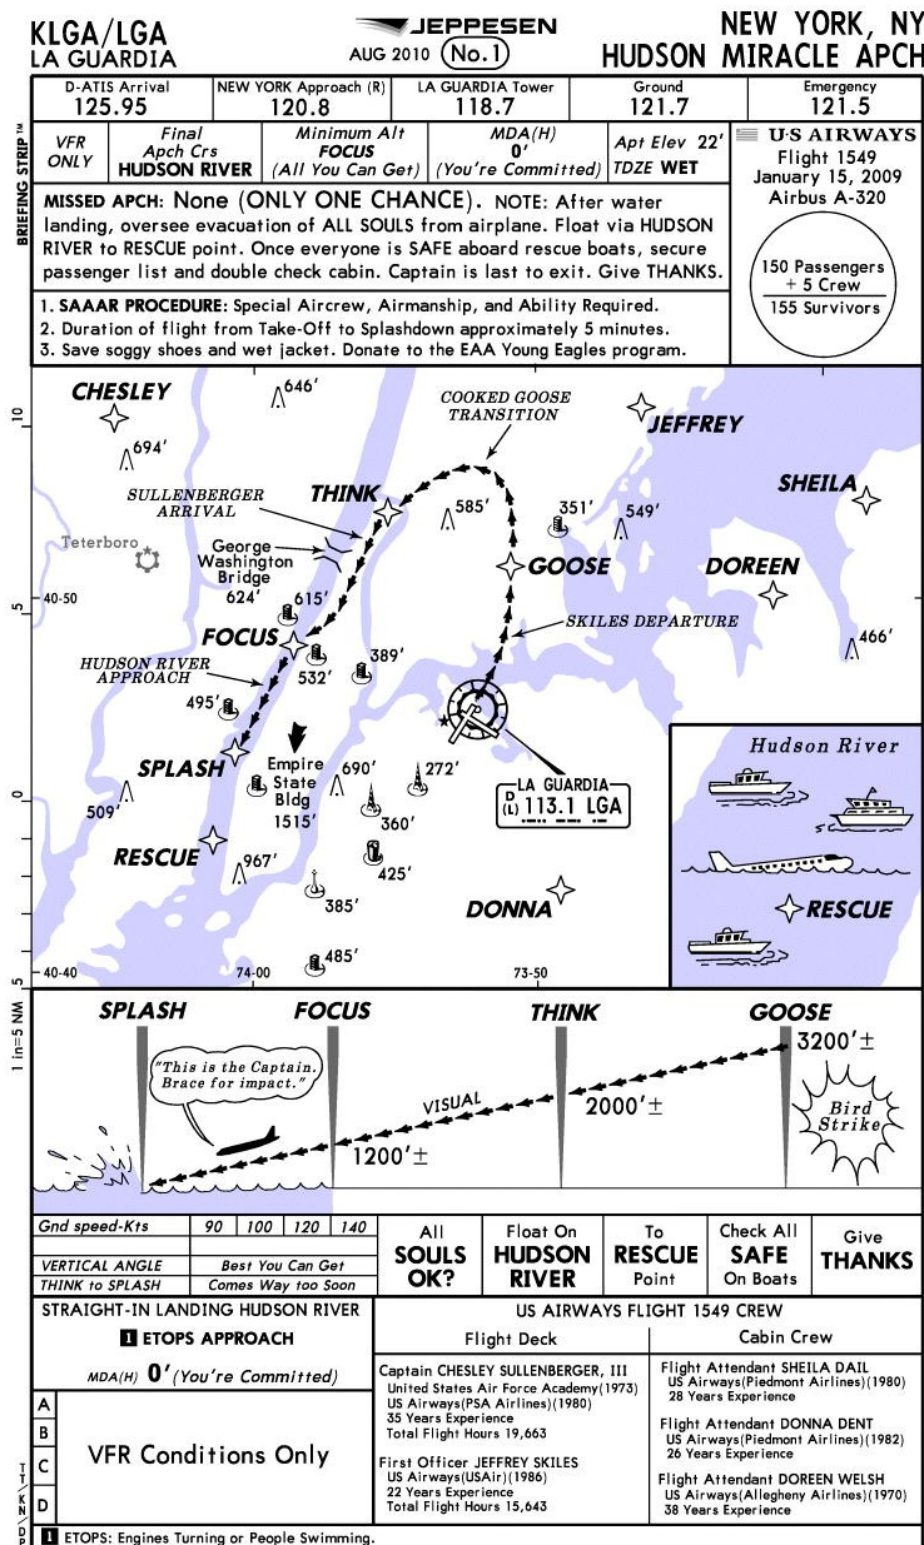

*Guest Katelyn Laird gets into the spirit of the White Reindeer gift exchange and steals a gift, obviously enjoying the contents. Sister Sierra then steals a pink Snuggie (which the original recipient didn't bemoan in the least!).*

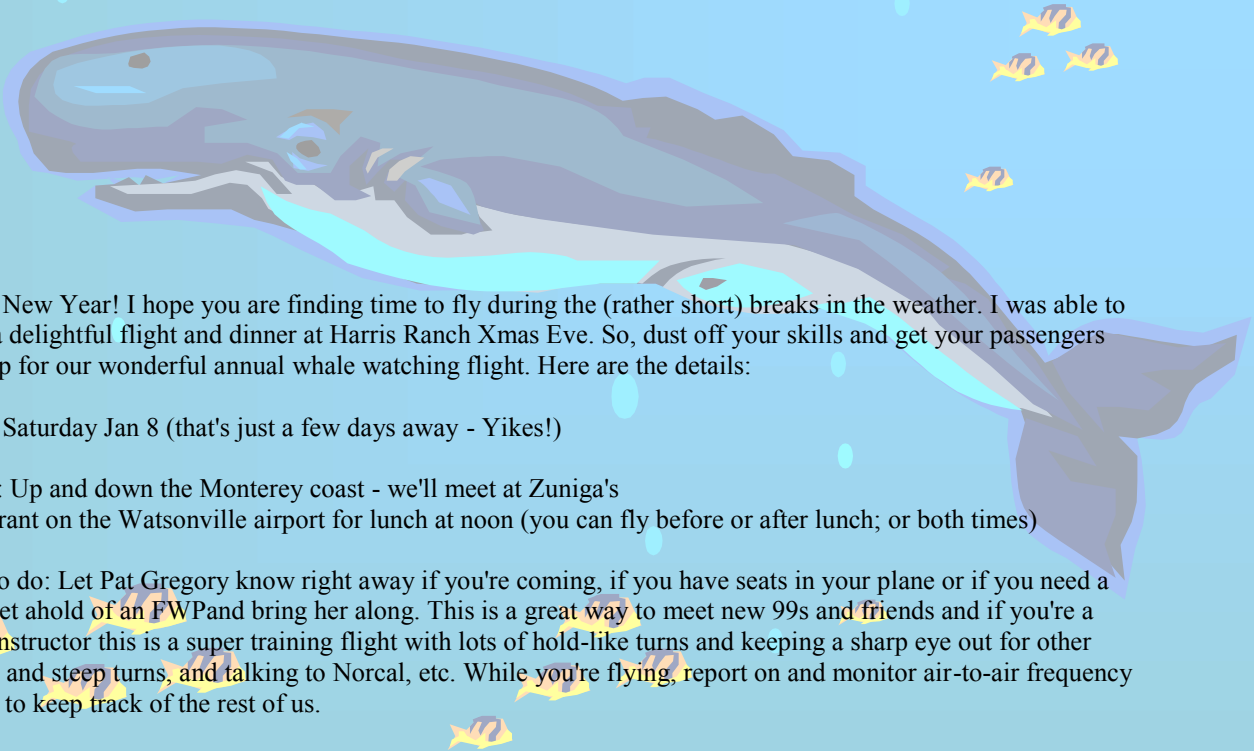

# Sully's Miracle on the Hudson IFR Approach Plate

Jeppesen presented this approach plate to Captain Chesley "Sully" Sullenberger and First Officer Jeffrey B. Skiles as a memento for US Airways Flight 1549's famous water-landing in the Hudson River January 15, 2009. The more you look at it, the more you see.

## SCV 99s Whale Watching Fly-in January 8

Hi All,

Happy New Year! I hope you are finding time to fly during the (rather short) breaks in the weather. I was able to enjoy a delightful flight and dinner at Harris Ranch Xmas Eve. So, dust off your skills and get your passengers lined up for our wonderful annual whale watching flight. Here are the details:

When: Saturday Jan 8 (that's just a few days away - Yikes!)

Where: Up and down the Monterey coast - we'll meet at Zuniga's Restaurant on the Watsonville airport for lunch at noon (you can fly before or after lunch; or both times)

What to do: Let Pat Gregory know right away if you're coming, if you have seats in your plane or if you need a ride. Get ahold of an FWP and bring her along. This is a great way to meet new 99s and friends and if you're a flight instructor this is a super training flight with lots of hold-like turns and keeping a sharp eye out for other planes, and steep turns, and talking to Norcal, etc. While you're flying, report on and monitor air-to-air frequency 122.75 to keep track of the rest of us.

### Laura's Mexican Artichoke Dip

Laura Barnett brought this to our holiday potluck and many wanted the recipe. Laura says go easy on the cumin--it can be strong. She also doubled the recipe and used half chopped garlic and half Lawry's seasoning.

**Makes:** 2-1/2 cups dip    **Prep Time:** 5 Minutes    **Cook Time:** 25 Minutes

1 can (14 oz.) artichoke hearts, drained and chopped  
1 cup Light Mayonnaise  
1 can (4 oz.) diced green chilies, undrained  
1 cup shredded Monterey Jack cheese  
¼ cup chopped cilantro  
½ tsp ground cumin and hot pepper sauce to taste.  
1 clove garlic, finely chopped or (optional) and/or 1/4 tsp. Lawry's Garlic Powder with parsley

Instructions: Preheat oven to 350°. In a 1-quart casserole, combine all ingredients. Bake uncovered 25 minutes or until heated through. Serve with your favorite dippers.
