Monterey Bay 99s donated aviation related toys, checks and good wishes to the Salvation Army donation center. Presenting the items are Laura Barnett, Carolyn Dugger, and Theresa Lewandoski-Byers.

The Ninety-Nines Mission Statement:

"The Ninety-Nines is the international organization of women pilots that promotes advancement of aviation through education, scholarships and mutual support while honoring our unique history and sharing our passion for flight."

ZOOM MEETING

January 20 @ 7 p.m. PST

Meeting details are located on page 10
 (These numbers change monthly)

Joanne Nissen

Logbook Editor: Jeanne Sabankaya

Deadline: 5th of each month for the current month's publication. Send info to jeannesabankaya@gmail.com

Member Activities

Sophia—passed the written part for airframe mechanic certificate.

Jeanne S.—completed cross-country solo (to King City)

Petra—flew to St. Simons Island, Georgia in December. She's been working as a traveling nurse in Arizona. (bottom 2 photos)

Prop Wash by Jeanne Sabankaya

It was December 22nd and I was holding short for 2-0 in

Watsonville. Before I could enter the runway, it seemed someone was playing a holiday hoax. I saw 4 deer prancing along just beyond the outer borders of the runway and threshold. They didn't seem to be intimidated by the plane that just took off and instead seemed to slow down around the threshold before they disappeared into the bushes. Trying to get Unicom to take this transmission seriously was humorous to listen to. "Yes, four deer spotted by 2-0." Humorous as it sounded during this time of year, the dangers any animal near the runway needed to be taken seriously. It was a good time to practice my short field takeoff.

Earlier in December, 3 of our Monterey Bay 99 elves (Carolyn, Laura, Theresa) delivered money and aviation toys to the Salvation Army for our annual Share Your Holiday toy drive. This year was different because of the need to keep our social distancing and to collect money instead of toys. I don't foresee any Coronavirus issue for 2021 if the vaccines work so remember to start collecting aviation toys for next year's Share Your Holiday. The need for toys might be as demanding as this year.

Even though we are far away, we are not apart. This year our chapter received a Holiday postcard from the Paradise Coast 99s in Naples, Florida sending holiday cheers. We sent back an e-mail wish to them and reminded them of the Queen Mary international meeting we will be hosting in 2021.

Dues are Due

It's that time of year again when your membership dues are up. Usually the Ninety-Nines Org. and EAA (chapter) are due in January. It would be a good idea to check your AOPA membership and aircraft insurance to make sure nothing has expired.

Growing the Pilot Population Through the AOPA Flight Training Scholarship Program

Take advantage of AOPA's scholarship program—over \$1 million in awards—or pass along this information to someone you know is passionate about learning to fly or wants to earn an advanced rating.

Multiple scholarship opportunities are available to AOPA members, including:

AOPA High School Flight Training Scholarships: 80 exceptional aviation-minded high school students will each be awarded \$10,000 to pursue a private, sport, or recreational pilot certificate.

AOPA Teacher Flight Training Scholarships: Up to 20 teachers dedicated to advancing aviation education in the classroom by teaching the AOPA High School Aviation STEM Curriculum are eligible to apply for this scholarship, which can be used to earn a private, sport, or recreational certificate.

AOPA Primary Training Scholarships: Multiple scholarships, ranging from \$2,500 to \$7,500, will be awarded to members ages 16 and up to help fund the cost of training for a private pilot, sport pilot, or recreational pilot certificate.

AOPA Advanced Rating Scholarships: Multiple scholarships, ranging from \$3,000 to \$10,000, will be awarded to outstanding member pilots with career aspirations seeking an Instrument, Commercial, CFI, CFII, or MEI rating.

The deadline to submit all scholarship application materials, including recommendation letters and transcripts, is February 14, 2021, 11:59 p.m. (EST).

The AOPA Flight Training Scholarship Program is made possible thanks to donations to the AOPA Foundation

The World's First Stamp to Picture an Airplane Is...

On [December 16, 1912](#), the United States issued the world's first stamp picturing an airplane. It was a 20¢ Parcel Post stamp. Surprised? If so, you're not alone. Many collectors think of the first three US Air-mail stamps as the first to picture airplanes!

In all, 12 Parcel Post stamps (with various pictures) were issued to prepay the fourth-class rate. Their denominations range from 1¢ to \$1, featuring mail delivery methods and common ways people made a living. All 12 stamps were red and used the same border design. Below is the only airplane among the 12 stamp

1913 U.S. 20¢ Parcel Post Stamp

World's 1st Stamp Picturing an Airplane

The airplane pictured on the 20¢ stamp was based on a photograph taken at College Park, near Washington, DC. Interestingly, the 20¢ stamp reads "Aeroplane Carrying Mail," even though regular airmail service didn't begin until [May 15, 1918](#).
(contributed by Jane Parks-McKay)

January 9-10 2nd Weekend from 8 a.m.—6 p.m.

Pilots! Welcome to

ANNOUNCEMENT!!!

ANNOUNCEMENT!!

ANNOUNCEMENT!!

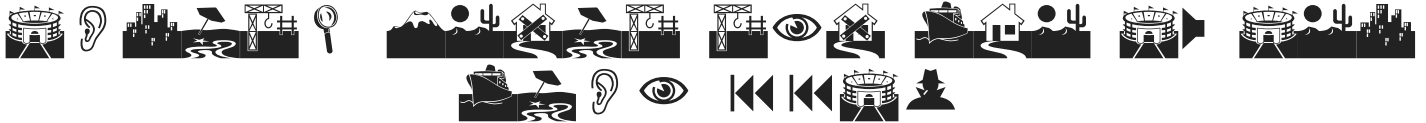

The SW Section is inviting you to the 2021

Winter Workshop

The annual Winter Workshop will be held **ONLINE** on

January 23rd, 2021

@ 9:00 am California, 10:00 am Utah & Arizona, 7:00 am Hawaii

THAT'S WEBDINGS FOR

SOCIAL MEDIA AND THE SW SECTION 99S

Registration is required to be admitted to the meeting. Please send your full name and Chapter affiliation to

SWSECTION99S@gmail.com to register.

Once you have registered you will be added to the email list for instructions for joining the meeting. This will be sent closer to the meeting.

Questions? Send them to the email address listed also.

WE have a great agenda planned for this meeting and we are excited to share this with YOU!

See you there on ZOOM!

WAI Announces 2021 Pioneer Hall Of Fame Inductees

Kate O'Connor

December 8, 2020 (article from the AVweb.com page)

Women in Aviation International

(WAI) has selected Joan Robinson-Berry, Maj. Gen. Carol Timmons and the U.S. Marine Corps' First Class of Women Aviators as the 2021 inductees into the International Pioneer Hall of Fame.

Robinson-Berry served as vice president and chief engineer for Boeing Global Services along with being the first female engineering graduate at California State Polytechnic University, Pomona, and the first African American program manager at McDonnell Douglas.

The first woman to lead the Delaware National Guard, **Maj. Gen. Timmons** joined the military in 1977 and logged more than 5,200 flight hours in military aircraft including the C-130, C-141 and UH-1 Huey. The U.S. Marine Corps' First Class of Women Aviators includes ten pilots who "represent the first women to go through pilot and naval flight officer training" in the Marines.

"Our 2021 inductees reflect the diversity of careers represented by our members," said WAI CEO Allison McKay. "Our International Pioneer Hall of Fame honors not merely women of great accomplishment, but women who have carried the weight of future female aviators on their shoulders as they broke down gender barriers and proved that women could succeed and contribute to aviation in powerful ways."

The induction ceremony is scheduled to take place on Friday, March 12, 2021, during the 32nd Annual International Women in Aviation Conference. According to WAI, the International Pioneer Hall of Fame aims to "honor women who have made significant contributions as record setters, pioneers, or innovators." It was established in 1992.

Share the Holidays—start collecting toys

Laura, Carolyn and Theresa made the presentation of 54 aviation related toys and books, and checks from both the Chapter plus an individual to the Salvation Army. Because of the Coronavirus and the order to shelter-in-place, people were not able to go to work and many had limited resources so the donations were badly needed and wanted.

Please start looking for aviation related items now for the 2021 Share Your Holiday.

Mercedes Eulitt (guest speaker for January)

Guest Speaker for the January Zoom meeting on January 20th 7 p.m. will be Mercedes Eulitt. Mercedes will be talking about her aviation experiences including formation flying, being a test pilot, an aerospace engineer, working for NASA and the infamous Skunk Works. Feel free to share this information with others who would like to hear Mercedes' stories and have an opportunity to interact with her.

We will have a quick and brief monthly meeting preceding Mercedes.

Use the following access code to attend the meeting. Every month the code changes.

Carolyn Dugger is inviting you to a scheduled Zoom meeting.
