## Monterey Bay 99s –

Have you donated lately? Time to make that yearly donation of **\$20.00** for chapter dues.

Examples of how your **\$20.00** donation is used throughout the year are:

We donate to the Women Pilots Museum, Amelia Earhart Museum, the 99s Endowment Fund and fund projects at our International Headquarters in Oklahoma City.

Locally, your dues help the chapter maintain our storage hangar, aviation library, monthly meeting locations, chapter supplies for various aviation presentations and activities, aviation related toys for the KSBW holiday program, sponsor inductees to the Forest of Friendship, new member badges and more...

And, our yearly **Aviation Scholarship Program** to a local female applicant seeking her pilot license or new rating.

A great value for just a **\$20.00** donation for an entire year.

### How to donate:

**Sophia** won a headset from Lightspeed at the International 99s conference in Philadelphia.

Alice presented it to her and captured these moments of her opening the box and wearing her new headset next to one of her training planes.

Sophia, her glider instructor. Alice, Sophia's Fly Now Mentor; taking her to a glider lesson. Watching her land the glider. Listening to her on the radio. All great sighs of her progress towards becoming a pilot.

# Katrina

Hello ladies,

Thought you would enjoy these pictures of Katrina's aviation activities. She got to co-pilot the new 172 at Airport Day in KRHV last month!

(front cover) Civil Air Patrol Sqdn 36 confers the rank of Cadet Major on Katrina. They have not had a cadet achieve this rank for the past 14 years.  
(below) Katrina preflights the brand, spanking new 2018 Cessna 172 of Civil Air Patrol's California Wing and takes off for Livermore, co-piloting the plane with Capt. John Heldt of CAP Sqdn 80. She needs to complete G1000 ground school, which CAP will provide for free. Only 3 1/2 more months before she is eligible to do the Civil Air Patrol check ride! Keep a good thought for her.

Cheers,  
Marita

# FAR 135.331 Crew Member Emergency Training

**CAPS Aviation** has reached out to extend an offer to all of our women pilots. CAPS Aviation is a women owned business with a passion for supporting other women. CAPS offers the FAR 135.331 – Crew member Emergency Training course at their facility in Van Nuys, CA. This is a \$725 course that is mandatory for all Part 135 pilots to take. They would like to extend an offer to all of our female and female identifying pilots to come and take this course free of charge with us. CAPS Aviation typically holds **classes each Wednesday**. They were going to hold the offer open for one month and their initial thought was the month of **November**.

We would like feedback from our members who might be interested in taking this class. What month is good for you? Would you be willing to travel to CA to take this class? Please post your answers on this forum. Please let us know ASAP so we can contact CAPS to arrange something for our members. Thank you.

## Second Saturday Fundraiser

We held our first Second Saturday Fundraiser at Watsonville Airport on September 8th. WingWalkers, Mona and Petra, did a great job escorting four different groups out to see the displayed airplanes. Thanks to both for helping. The public wanting wingwalks were delighted that they could go out to see the planes. Good PR for the 99s while people stopped by and/or waited to go see the planes. Donations from our aviation items and bottled water sales totaled \$64.00

Most of our sales were from Ella's Restaurant customers. Water sales were from pilots on their way back to their planes. So, we picked a good location to setup. The day was a little slow, but it was our first try.

Our next WVI Second Saturday is October 13. We need two volunteers for November 10th.

Please contact me if you can help.

Hello WEACT Supporters!

On Thursday, 9/6/18, WEACT participated in the 2018 Bay Area Urban Shield YELLOW COMMAND Full Scale Exercise. WEACT operated under the coordination of the Santa Cruz County Emergency Operations Center (SCC EOC). The overall exercise was organized by the CA OES, Office of Emergency Services.

Throughout the exercise, WEACT flew 6 missions for the SCC EOC, including reconnaissance flights to observe simulated damage to the Pajaro levee, to overfly highway 129 to check for landslide damage and provide information about possible alternative traffic routes, and to observe conditions of the Santa Cruz city roads to facilitate evacuation routing.

WEACT's participation in the 2018 YELLOW COMMAND exercise was a great success! WEACT demonstrated their operational capabilities to the county, solidifying a working relationship we have been developing for the last couple years.

WEACT would like to thank the 23 amazing, dedicated, enthusiastic volunteers who came out to support WEACT for the exercise:

We sincerely appreciate your support and enthusiasm for WEACT. If you haven't signed up to be a part of the WEACT database, please go to our website and click on "VOLUTEER" to sign up. Please do this even if you have participated in our exercises and filled out all the waiver forms. The website address is [www.emergencyairlift.org](http://www.emergencyairlift.org). WEACT also maintains a Facebook Group: [www.facebook.com/groups/EmergencyAirlift](https://www.facebook.com/groups/EmergencyAirlift)

Soon WEACT will send out an email to guide volunteers concerning volunteer database updates and the procedures for volunteers to come to the airport during a serious disaster.

WEACT IS ALWAYS READY! Thank you for making WEACT strong and effective.

Theresa & George Byers, Carolyn Dugger, Jeanne Sabankaya volunteered that day. Marjorie Bachman organized the event.

**IMAGINE IF...**top photo is Watsonville High School and levee in top left corner. Photo on right is downtown Santa Cruz, Fishhook and Highway 17 in top left of photo. Imagine the congestion leading out of Santa Cruz or the inability to leave, and the flooding if rivers overflow due to the "Big One."
