For those of you that were at the Watsonville Airshow I want to say thank you for all your hard work and dedication. For those of you that missed it, I just want to ask you to thank those that worked hard not just at the airshow but for all the months of work leading to the event.

I received so many pictures from the airshow that selecting just a few was hard. Which got me thinking how can we all share all our pictures with each other. Online is the easiest way that I can think of. For the next few months I hope to put together an online album where we can all share our pictures. I am looking for anyone that has experience to please work with me so we can get this going and share with other 99s and fellow aviators.

Thanks to all of the MB99s, guests, and 49 1/2s for volunteering for the 2012 Watsonville Fly-In & Airshow.

Always a lot of work, but always worth the effort when all is done. To hear how we, the 99s, make pilots feel welcome and answer all of their questions is always so rewarding for our hardwork. For the past several years in addition to our responsibility of "Pilot Registration" we have added "Judging and Awards" to our list. It has made a huge difference in the data collection and timely results for this portion of the show.

If any of you would like to serve on the Board for the airshow, feel free to contact me with any questions regarding what is involved.

Volunteers

2012 - Thank you list for Pilot Registration, Judging and Shuttle Service.

Dear Volunteers,

Thank you, **without you it would not have been possible!**

On behalf of the 48th annual Watsonville Fly-In & Airshow, the Board of Directors and I want to express our sincere appreciation for your volunteer service during the Labor Day weekend.

Please know we fully expect to reach out to each of you next year as we continue to hold this important annual event.

Again, thanks for your willingness to serve and your help ensuring a safe, service-oriented Fly-In & Airshow.

Best regards,

Bianca Soros

Program

Airport Manager Rayvon Williams gives a "State of the WVI Airport" presentation.

WVI Airshow Preparation

Put together pilot packets.

Meeting adjourned at 9:00.

Submitted by Mona Kendrick, Secretary

Recently a pilot informed us of changes to the Aeronautical Information Manual (AIM) concerning the use of lights and transponder while moving on the surface of an airport. This pilot learned from a Designated Pilot Examiner (DPE). Although it is your individual responsibility to stay aware of procedures in the AIM, we thought you would want to know about this particular safety initiative!

The AIM, which is available at http://www.faa.gov/air_traffic/publications/atpubs/aim/Index.htm, is updated in February and July of each year, and included in the last February change was an updated description of the "Operation Lights On" pilot safety program.

In section 4-3-23, Use of Aircraft Lights, paragraphs (c), (e), (f) and (g) describe the use of lights while on an airport. We invite you to go to the AIM and read each of these paragraphs. For example, paragraph (e) states,

Prior to commencing taxi, it is recommended to turn on navigation, position, anti--collision, and logo lights (if equipped). To signal intent to other pilots, consider turning on the taxi light when the aircraft is moving or intending to move on the ground, and turning it off when stopped or yielding to other ground traffic. Strobe lights should not be illuminated during taxi if they will adversely affect the vision of other pilots or ground personnel.

Furthermore, the use of your transponder while taxiing is recommended in paragraph 4-1-20. It says, in part,

Civil and military transponders should be turned to the "on" or normal altitude reporting position prior to moving on the airport surface to ensure the aircraft is visible to ATC surveillance systems.

Pilot Tips

- There are two things you should ALWAYS do when taking the active runway for departure, and one thing you should NEVER do.
http://www.pilotworkshop.com/tips/takeoff_runway_safety.htm
- A tip that will help you prepare for long cross country flights with minimum stress and difficulty.
http://www.pilotworkshop.com/tips/pilot_preflight_safety.htm
- The key to safety at non-towered airports is effective communication. Important facts you should consider when approaching or departing a non-towered airport.

Award of Achievement

The 99s give out awards at our annual conference. The Award of Achievement has three different categories.

Three separate Awards of Achievement may be presented each year. The three awards are:

- a. **The Award of Achievement for Contributions to The Ninety-Nines** – which recognizes a significant contribution to the mission of the 99s or any of the organization's activities.
- b. **The Award of Achievement for Contributions to Aviation** – which recognizes significant contributions to any facet of aviation, such as aviation/ aerospace education, aviation science, aviation history, aviation commerce, aviation legislation, etc.
- c. **The Award of Achievement for Humanitarian Efforts** – which recognizes significant contribution, through aviation, in a humanitarian effort.

In addition, two other awards may be presented to "non-99s." The first one, the **George Palmer Putnam Award**, is given in recognition of support of The 99s. The other award, the **Award of Merit**, is given to recognize a contribution(s) made to aviation in general. Each of these awards may be presented to an individual or an organization. Individual winners may be male or female.

I am sure that you know several people or groups that deserve special recognition. Recipients may be living or deceased and from any country. The contribution may have occurred at any time in the past or present, as a single action or a series of events.

The nominating requirements are very simple:

- A. Nominations may be submitted by any individual or group within The Ninety-Nines
- B. The nomination should be in the form of a one-page letter and up to three additional pages of substantiating material. The name, address and phone number of the nominee or the nominee's next of kin, if the nominee is deceased, should be included.
- C. The nomination should give complete, but concise, details justifying the award to the nominee with such background information as considered pertinent, and any other relevant information, that would assist the Awards Committee.
- D. Nominations from previous years may be resubmitted.
- E. Nominations should be sent to The Ninety-Nines Headquarters to the attention of the Awards Committee.
- F. Nominations may be submitted by electronic transmission (fax or email) or by post. The nomination must be received on or before **January 15, 2013**.

Contact me (email or phone) if you have any questions. Thanks for your help!
