As of January 1, 2002, we have a new Proficiency Training Program format and a new Form. Awards will be based on the total number of members who participate, not just how many active pilots take part, so as not to penalize chapters with non-flying members. So let's document all those activities and get the forms in to Carolgene Dierolf, our Proficiency Training Coordinator.

# PROP WASH

By Sarah Chauvet

On April 21, 2007, Donna Crane-Bailey, Jodie Roberts, Theresa Levandoski-Byers and I handled ramp duty for the 3<sup>rd</sup> annual Day in the Sky, a Young Eagles event. We helped with escorting children and adults between the check-in area and the aircraft on the ramp. Jody and a helper had helicopter duty, shuttling passengers between the sign-in area and the helicopter. Since we had the helicopter for only 1 hour we were determined to get in as many flights as possible

and so Jody kept the loading and unloading going smoothly. Good job, Jody!! Mary Doherty and Kendra and Scott Pugmire worked tirelessly to get the children signed in and all the paperwork in place. Georgeann Eiskamp and Caroline Warmkessel coordinated pilots and passengers and did a great job. Our years of experience with Watsonville Open House Dime-a-Pound Rides made us well prepared for this event.

On April 29<sup>th</sup> Theresa L. Byers was our hostess at her hangar for our annual Scholarship BBQ. George Byers, as usual, did a great job at the barbeque with the assistance of Jim Dugger (Carolyn). Our Scholarship recipient, Jody Roberts, told us about her plans for her instrument rating and all the things she will be doing between now and then.

The month of May is a very busy one for us, starting with the Human Race 10K Walk & Fun Run on Saturday, May 12, 2007. Laura Barnett has been coordinating this for us for the past several years. You can contact her at (831) 722-8491 or at BASSFLY2@aol.com to sign up to walk or run (or walk and run). Then just after our regular monthly meeting on May 16<sup>th</sup> several of us are off to Santa Maria for the Southwest Spring Section Meeting. May 25 the Watsonville Fly-In and Air Show will start and we will be at the registration booth as usual.

Hope we can get some flying in this month!!

Blue Skies,  
Sarah

# Congratulations Jody Roberts!

Jody's involvement with aviation currently is: the PPLI (Professional Pilot Leadership Initiative, sponsored by the 99s), working part time at Monterey Bay Aviation (to offset the cost of flight training), and recently she received a \$1,000 scholarship from the Women In Corporate Aviation.

She is on the last leg of studying for her Flight Dispatcher Exam. Once that is finished, Jody will begin her instrument training at Monterey Bay Aviation. She was hoping to have already started the training, but studying for this exam has taken more time than expected. The last week of June she will be flying (commercial flight) to Florence, Kentucky where Jody will take a week long course and the final test to become a real Flight Dispatcher!!! Short-term goals are to get a Flight Dispatcher Certification and to become instrument rated. Long term goal for aviation is to become a corporate pilot.

She still teaches 6th grade in Salinas, and is mountain biking in her "spare" time.

Our recipient Jody Roberts thanked the organization for the support she has received to work towards her aviation goal.

Thanks to everyone for once again making our scholarship presentation a success. I personally would like to thank my husband, George Byers, for all the preparation work on the hangar, the moving of heavy tables and benches, moving barbeques around, and his all around good nature about everything. Even with a broken finger, which he bumped a few times. Also on the thank-you list is Jim Dugger who helped with the cooking. Thanks too to those of you who helped put some of the tables back from where we borrowed them.

We even got some publicity from some of our guests. Trisha Leonard, who is a writer for the Register Pajaronian, is very interested in getting involved in aviation. Also in attendance was Steve Bankhead, who writes a column in our local newspaper.

*Theresa Levandoski-Byers says: "Here are some pictures of the B-17 Aluminum Overcast that came to WVI Airport for two days. It was sponsored by the EAA Organization. It was great fun to volunteer time helping them out on the USA tour. And thanks to our local EAA 119 and Mary Doherty, George and I flew the B-17 to its next stop which was Hayward Airport. The first picture is me sitting in the radio person's position while flying to Hayward. The other shot is on the ground at WVI." And there's Mary Doherty and her mother working the B17 souvenir booth.*
