As of January 1, 2002, we have a new Proficiency Training Program format and a new Form. Awards will be based on the total number of members who participate, not just how many active pilots take part, so as not to penalize chapters with non-flying members. So let's document all those activities and get the forms in to Carolgene Dierolf, our Proficiency Training Coordinator.

Prop Wash

By Sarah Chauvet

My sister, whom I had not seen for 3 years, was arriving from Scotland the evening of our October meeting so Michaele Serasio presided. I heard great things about the QUIZ program and hope we can do it again. This being one of those years where November has 5 Thursdays but only 4 Wednesdays our next meeting is scheduled to be the night before Thanksgiving. We may have a small meeting but I hope our members will think of it as a break before a hectic weekend.

On another subject, Saturday, November 3, 2007, I had the opportunity to meet Senator Abel Maldonado when he was the Guest Speaker at the Watsonville Regional Airport Promotion Political Action Committee Dinner. Senator Maldonado is a pilot and farmer from Santa Maria who represents our area in Sacramento. He talked about land use planning around airports which is being litigated here in Watsonville. He discussed all the new housing around Mather Airport (Sacramento) which is built on the approach end of one of the runways. The noise complaints are now rolling in and local politicians are looking at closing or restricting the use of that runway. We have the possibility of the same thing happening here at Watsonville.

The lawsuit filed by the Watsonville Pilots Association, Caltrans Aero, The Friends of Buena Vista and the Sierra Club against the City of Watsonville to force them to do legitimate airport land use planning will be heard on November 16, 2007. Stay tuned for the results.

As I write this, the fog is down on the ground and doesn't look to be lifting soon. Good time to review for my BFR, short field, soft field, best glide, approach, flaps, gear speeds, final approach speed.....

Happy Thanksgiving, everybody!!

Fly-in to Santa Barbara

Join the Santa Clara Valley 99s on Saturday, Nov. 17, eta 12 noon, for lunch at the Beachside Cafe in Santa Barbara. The restaurant is just a short walk from the airport and we can sit and look at the ocean while we eat. I'm hoping some of the other 99s chapters will join us. Please contact me if you want to go and let me know how many people in your plane, so I can give them an accurate count for lunch.

See you on the 17th!

"An evening with the Monterey and Salinas Controllers...you've got questions? They've got answers!" Topic: Monterey and Salinas Tower Controllers discuss 'Working the Tower' and answer questions regarding operations at MRY and SNS.

On Wednesday, November 7, 2007 at 7:30 PM

Location: Watsonville Aviation Education Center, 60 Aviation Way, Watsonville, CA 95076

Select Number: WP1516779

Description: The Watsonville Pilots Association welcomes Jim Babcock and Allie Metcalf, Tower Managers from Monterey and Salinas, who will discuss surface operations, phraseology, and emergencies within tower controlled airspace. Have a question for them? Send it to cfii@straight-and-level.com, with "Controllers??" in the subject line. They'll have an answer for you!

"Cross Country Planning, E6B and Weather" Topic: Flight Planning and Decision Making Clinic
On Monday, November 12, 2007 at 7:00 PM

Location: Santa Cruz Flying Club, 150 Aviation Way, Suite 6, Watsonville, CA 95076

Select Number: WP1516842

Description: CFIs Abe Hazbun and Thomas Diaz will discuss cross country planning and the importance of doing your flight plan. We will entertain questions submitted by participants.

"Flying across the US border to the north, and maybe, to the south"

Topic: Regulations and Procedures for International Flying

On Tuesday, November 13, 2007 at 7:15 PM

Location: Wings of History Museum, San Martin, 12777 Murphy Ave, San Martin, CA 95046

Select Number: WP1516805

Description: Have you ever wanted to take a longer trip somewhere...I mean a really long trip, like down to Mexico and Canada? It's really not difficult but you must come prepared, otherwise it can be a nightmare. For example if you do the wrong thing at the border, it could cost you \$5,000 even before you know it. Come find out how to avoid incredible headaches or just come to see what it's like to fly in another country. We know our rules (hopefully); it's quite amazing to compare them with another country's regulations.

The application deadline for the 2008 AE Scholarships is fast approaching!

These scholarships are available to eligible 99s for flight training, jet type ratings, university studies in aviation, and aviation technical training. To confirm your chapter deadline, please contact your Chapter AE Scholarship Chair or Chapter Chair. The deadline for receipt by your Section AE Scholarship Chairman is DECEMBER 1st!

And, for 2008 we are again offering New Pilot Awards to complete your first pilot certificate and also the Maule Tailwheel Training Award. (The application deadline for these is April 1, 2008.)

Information and all forms, including instructions and checklists for applicants and Chapter and Section AE Scholarship Chairs, are on the 99s website (www.ninety-nines.org). Established in 1940 to honor our first 99s president Amelia Earhart and continue her legacy in helping deserving members to further accomplishments, today our Amelia Earhart Memorial Scholarship Fund has surpassed \$3 million thanks to the generous donations and bequests of 99s members. We would also like to thank United Parcel Service and the Maule Aircraft family.
