As of January 1, 2002, we have a new Proficiency Training Program format and a new Form. Awards will be based on the total number of members who participate, not just how many active pilots take part, so as not to penalize chapters with non-flying members. So let's document all those activities and get the forms in to Carolgene Dierolf, our Proficiency Training Coordinator.

## Prop Wash

By Sarah Chauvet

Watsonville Airport hosted their annual Open House on Saturday, September 15, 2007.

As usual the Monterey Bay Chapter of the 99s did “Dime-a-Pound” rides for the general public. This event is our major fund-raiser of the year and goes to fund our aviation scholarship. Friday afternoon and Saturday morning Dennis Thomas and his EAA Chapter 119 crew helped set up. Then they spent the day directing airplanes and escorting passengers.

Ninety-Nines Mona Kendrick, Theresa Levandoski-Byers and Jill Smith flew along with EAA/WPA members Doug Glass, Tom Hail, Ben Rolfe, Bob Hendrickson, Ricky Li Fo Sjoe, Joe Shelton, John Nogatch, Rayvon Williams, Jim Young, Grant Wrathall and Hal Zamora. Dan Chauvet, CFII, did the pilot briefing.

The crew doing the weigh-in included Dena Taylor, Mary Doherty, Sara Alewine and Nic Kinsman. Jeanne Hendrickson, Charlene McIntyre, Allene Hail, Michael Serasio, Theresa L-Byers and Kryss Crocker co-coordinated passengers and pilots. Sarah Chauvet handled the fuel card for aircraft refueling.

After a slow start there was a continuous stream of passengers throughout the day with minimal waiting time.

100 people were flown with a total weight of 13,084 pounds.

This event would not be successful if it were not for all the work done by the Airport staff, Don French, Sharon, Sandy, Tony, Rob and Bonnie. The co-operation between the various airport organizations makes for a great day for both the general public and the pilots.

Sarah Chauvet and Michael Serasio, Event Co-Chairs

The International Society of Women Airline Pilots is accepting applications for their Financial and Airline scholarships. The International Society of Women Airline Pilots is a group dedicated to assisting women who aspire to be airline pilots. The scholarships are for advanced flight training.

Financial scholarships are cash awards paid directly to a flight school or training institute. Financial awards are available for CFI, CFII, MEI, ME Commercial (SE Commercial required), or ATP. Financial applicants must have a Commercial certificate for airplanes, with an instrument rating or non-U.S. equivalent. ATP applicants only must have 1400TT and the ATP written test completed.

Airline scholarships are donated by corporate and individual sponsors. Past awards have included B-737 type ratings, B-727 type ratings and B-727 engineer ratings. The availability of airline scholarships changes every year, so applicants are not able to apply for specific aircraft ratings. Once awarded, the aircraft type and corporate sponsor will be announced to the winner. Airline applicants must have an ATP rating, or non-U.S. equivalent, current Flight Engineer written complete, and a First Class Medical Certificate.

Check the website at [iswap.org](http://iswap.org) and click on the scholarship link for more complete details. **Application and all support documents must be postmarked by December 10th.**

## 99s on the Go!

*Sarah Chauvet & Kay Harman at the Salinas Air Show. They had fun at the SOPA Chalet...the theme was OCTOBERFEST with Bratwurst, kraut, hot German potato salad, red cabbage, strudel, etc., hence the vests!*

*Pam O'Brien, Donna Crane-Bailey & Dena Taylor ready to take off for the 99s International Conference in Boulder, CO.*

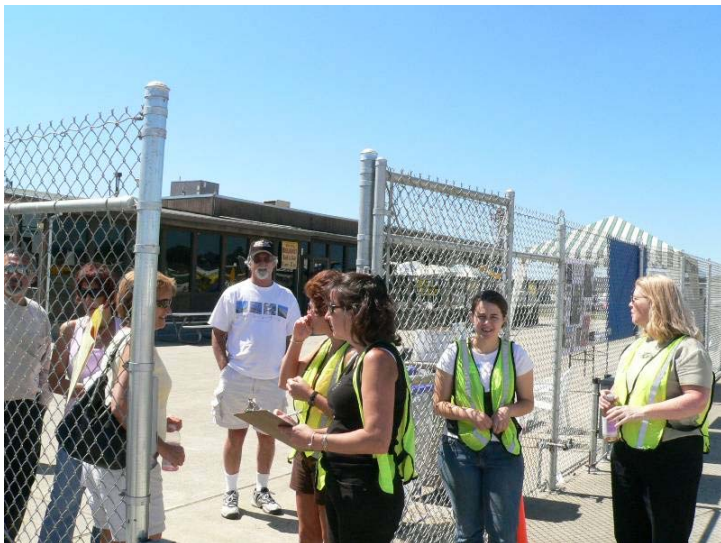

*Here is Abigale Jacques, Donna Crane-Bailey's granddaughter, saying: "Do you think I could qualify for a New Pilot Award, if not now, in a few years? I own my own airplane and I'm really getting the hang of it. I've seen a few bigger ones that I'd like to transition to as soon as I can, like the Citation that just taxied by." The airplane is a Gabrielle Adelman creation.*
